Specification

Cubicle Track shall have dual channel extruded aluminum track with a baked white enamel finish. Track shall be 1-3/8" x 3/4" deep x .062" wall (35 x 19 x 1.7mm). Track carriers shall have fast and unimpeded movement; axle and wheel shall be virgin nylon, bead chain shall be nickel-plated brass, and hook assembly shall be polished aluminum. Cubicle track curtains shall be flame-resistant, stain-resistant, anti-bacterial vinyl fabric

in [white] [almond] with polyester reinforcement. Curtains shall include a 21" (533mm) high nylon mesh for sprinkler clearance as well as ventilation and light.

Cubicle Track shall be Series K [fill in model numbers] as manufactured by Tubular Specialties Manufacturing, 13011 South Spring Street, Los Angeles, California 90061, tel 800-Grab Bar.

Installation

1. Surface mounted track can be mounted directly onto finished ceiling, or recessed.
2. Fastening of the track is to be made 36" (914mm) on center. It is the installer's responsibility to select fasteners that are appropriate for the wall condition and application; TSM does not include fasteners with cubicle track.
3. There is a 2½" clearance from the ceiling to the top of the curtain. Curtains should hang 9" - 15" (229 - 381mm) above finished floor.

TSM Series K Cubicle Track is guaranteed against defects in workmanship and material for one year from shipping date.
